## COLORADO-SOFTWEAVE 2<sup>ND</sup> EDITION 300cm

Colorado is a textured plain, linen look softweave that has a new home under the Hoad brand. Colorado features an upgraded colour pallet along with a new acoustic rating making this decorating staple even more versatile. Colorado ticks all the boxes with its continuous width and FR rating. Colorado is 300cm wide with an AS1530-2 rated and available in 10 colours. The Acoustic measurement report is available on request.

Care Code	C4
Usage	Curtains & Accessories

### Important Note

---

#### Wide Width Designs

The wide width designs have been sampled "up the roll". To utilise this as a continuous fabric please view the design in the opposite direction.

#### Fabric End Use

Please ensure the fabric you have selected is suitable for the end use it has been sold to the consumer for. In particular, Hoad does not recommend any of our fabrics be manufactured into Roman Blinds unless they have been professionally pre-shrunk. Most of our fabrics are designed for window treatments and may not be suitable for upholstery, please check before ordering.

#### Fabric Colour Fastness

Hoad Fabrics are purchased to Australian standards of fabric performance. However, all fabrics will fade due to direct or indirect sunlight, in particular leading edges of curtaining. These should be protected by suitable linings and/or exterior awnings, for extreme conditions. No claims will be recognised for fabrics that have not been properly protected from sunlight.

#### Pattern Repeats & Fabric Widths

Due to manufacturing tolerances all pattern repeats and finished fabric widths are a close approximate; a variation of up to 5% may occur and should be allowed for when ordering.

#### Pricing

Prices are current at time of launch, but subject to change without written notice.
