

SKI SHEER 320cm

Ski is a 320cm 100% polyester sheer that has the look and feel of a pure cotton or a fine linen batiste, and is durable and incredibly soft. Ski is a perfect replacement for traditional plain sheers and voiles particularly, where a denser and more natural looking sheer is required. Ski comes in 6 colours and is inherently FR with an AS1530-1993 Part -2 rating, making it perfect for both commercial and residential applications.

Pattern Repeat	N/A
GSM	70 GSM
FR Test	AS1530 – 1993 Part 2
Care Code	C4
Usage	Curtains & Accessories

Important Note

Wide Width Designs

The wide width designs have been sampled "up the roll". To utilise this as a continuous fabric please view the design in the opposite direction.

Fabric End Use

Please ensure the fabric you have selected is suitable for the end use it has been sold to the consumer for. In particular, Hoad does not recommend any of our fabrics be manufactured into Roman Blinds unless they have been professionally pre-shrunk. Most of our fabrics are designed for window treatments and may not be suitable for upholstery, please check before ordering.

Fabric Colour Fastness

Hoad Fabrics are purchased to Australian standards of fabric performance. However, all fabrics will fade due to direct or indirect sunlight, in particular leading edges of curtaining. These should be protected by suitable linings and/or exterior awnings, for extreme conditions. No claims will be recognised for fabrics that have not been properly protected from sunlight.

Pattern Repeats & Fabric Widths

Due to manufacturing tolerances all pattern repeats and finished fabric widths are a close approximate; a variation of up to 5% may occur and should be allowed for when ordering.

Pricing

Prices are current at time of launch, but subject to change without written notice.
