## SEVILLE SHEER 320cm

Seville is a 320cm uncoated, translucent semi-sheer fabric. It can be used alone as a light-filtering privacy sheer or paired with our popular CMB or Atlas linings for a modern sheer and lining look.

Featuring a light linen texture with a smooth, non-shiny finish, Seville comes in a convenient 320cm drop. Made from 100% polyester, it is stable and easy to railroad for today's extra-long drops. Available in 8 on-trend colours, Seville is also AS1530-2 FR certified.

### Important Note

#### Wide Width Designs

The wide width designs have been sampled "up the roll". To utilise this as a continuous fabric please view the design in the opposite direction.

#### Fabric End Use

Please ensure the fabric you have selected is suitable for the end use it has been sold to the consumer for. In particular, Hoad does not recommend any of our fabrics be manufactured into Roman Blinds unless they have been professionally pre-shrunk. Most of our fabrics are designed for window treatments and may not be suitable for upholstery, please check before ordering.

#### Fabric Colour Fastness

Hoad Fabrics are purchased to Australian standards of fabric performance. However, all fabrics will fade due to direct or indirect sunlight, in particular leading edges of curtaining. These should be protected by suitable linings and/or exterior awnings, for extreme conditions. No claims will be recognised for fabrics that have not been properly protected from sunlight.

#### Pattern Repeats & Fabric Widths

Due to manufacturing tolerances all pattern repeats and finished fabric widths are a close approximate; a variation of up to 5% may occur and should be allowed for when ordering.

#### Pricing

Prices are current at time of launch, but subject to change without written notice.
